Proposal Description: Increase of 2009-2010 budget line Item: **Teacher Initiative Fund**

Total Cost: \$1,000

Detailed Proposal with Supporting Information:

The **Teacher Initiative Fund** is a valuable and highly regarded source of funds for the entire SRS community. The current budgeted item is nearly depleted. The 2009-2010 school year has 6 months remaining. We currently have received requests totaling over \$1,250 and also anticipate receiving more requests throughout the remaining school year. Although we understand all requests cannot be granted within our limited budget, we feel increasing the original budgeted amount from \$1,500 to \$2,500 can positively impact our children and staff by enabling the purchase of items that are unable to be funded by the district.
